

Scenarios for future Higgs Physics

February 14th 2013

INFN-Laboratori Nazionali di Frascati
Auditorium Bruno Touschek

Programme

- 10.30-10.45 Welcome **Umberto Dosselli** (INFN/LNF)
10.45-11.30 SAPPHiRE, a cost-effective photon-photon collider to study the Higgs boson **Marco Zanetti** (MIT)
11.30-12.30 Perspectives on Higgs Physics at LHC **Aleandro Nisati** (INFN/Roma1)

lunch

- | | | |
|-------------|-----------------------|---------------------------------|
| 14.00-14.45 | TLEP/LEP3 accelerator | Frank Zimmermann (CERN) |
| 14.45-15.30 | TLEP/LEP3 physics | Patrick Janot (CERN) |
| 15.30-16.15 | European HEP Strategy | Roy Aleksan (CEA/Saclay) |

coffee break
