

International workshop. Cetacean echolocation and outer space neutrinos:
ethology and physics for an interdisciplinary approach to underwater
bioacoustics and astrophysical particles detection

Contribution ID: 96

Type: **not specified**

Calibrator for UHE neutrino Detection in Underwater Neutrino telescopes

Friday, 18 October 2013 12:15 (5 minutes)

Presenter: ADRIAN-MARTINEZ, Silvia (IGIC-UPV (Spain))

Session Classification: Discussion and poster session
