

# **International workshop. Cetacean echolocation and outer space neutrinos: ethology and physics for an interdisciplinary approach to underwater bioacoustics and astrophysical particles detection**

## **Friday, 18 October 2013**

### **Astrophysics with acoustics in deep sea (14:30 - 16:40)**

time	[id] title	presenter
14:30	[13] Listening for neutrinos - from astrophysics to the deep sea - Part I	THOMPSON, Lee
15:20	[63] Listening for neutrinos - from astrophysics to the deep sea - Part II	Prof. DANAHER, Sean
16:10	[15] NEMO and SMO Projects	SIMEONE, Francesco
