

Advances studies in the low-energy QCD in the strangeness sector and possible implications in astrophysics - Dedicated to the memory of Paul Kienle

Contribution ID: 13

Type: **not specified**

## **Study of the $\Sigma^+ \pi^-$ invariant mass spectrum with the KLOE detector by AMADEUS**

*Thursday, 20 June 2013 15:30 (30 minutes)*

**Presenter:** SCORDO, Alessandro (LNF)
