

ITALY AT CERN

8 - 10 OTTOBRE 2014

	<i>Design and construction of mechanical components for scientific research and for the most qualified industrial vacuum sectors.</i>	www.alcatechnology.com
	<i>Leader on market of resistive and superconducting magnets for high energy physics and thermonuclear fusion applications.</i>	www.as-g.it
	<i>Data-Acquisition Electronics, Power Supply Systems and Powered Crates.</i>	www.caen.it
	<i>Performing precision mechanical machining of medium and large-sized components that require high quality standards</i>	www.castellini.it
	<i>Production and turnkey solutions for synchrotron light and particle accelerator research equipments.</i>	www.cinel.com
	<i>World leader in leading edge magnesium diboride (MgB₂) technology.</i>	www.columbussuperconductors.com
	<i>Industrial automation components supplies for the distribution of high quality and reliable products.</i>	www.comer-italia.com
	<i>Cryogenics and high vacuum equipment, heat exchangers and superconducting cables.</i>	www.criotec.com
	<i>RF power amplifiers, solid state or tube technology for particle accelerators and medical accelerators.</i>	www.db-science.com
	<i>General contractor specialized incivil works and in high tech electrical and HVAC installations.</i>	www.gruppodimensione.com
	<i>Designs, develops, manufactures and assembles products in stainless steel and special alloys for Scientific Research & Industry.</i>	www.ecor-research.com
	<i>Mechanical working and dimensional test, until large dimension.</i>	www.euromecsr.l.eu
	<i>Designer and manufacturer of customized plants, structures and mechanisms for physics and nuclear fusion research.</i>	www.fantinispa.it
	<i>We commit to provide the perfect environment for your micro devices development</i>	mtlab.fbk.eu
	<i>Italian industry leader in harnesses and electrical panels.</i>	www.htcsr.l.com
	<i>Industrial Engineering, Electrical & Mechanical Design, PCB Design & Manufacturing.</i>	www.linkengineering.it
	<i>Engineering numerical analysis services.</i>	www.ltcalcoli.it
	<i>Expert provider of services for the development and production of PCBAs and mechatronic assemblies.</i>	www.me-vinco.it
	<i>Electric motors, generators, power electronics, industrial control systems for Metals, Oil & Gas, Energy and heavy duty industries.</i>	www.nidec-asi.com
	<i>Power supplies for Research and Biomedical Particle Accelerators; RF turn-key systems.</i>	www.ocem.com
	<i>Specialized in Earth Moving Machines and Aerial Platforms project engineering and manufacturing.</i>	www.palazzani.it
	<i>PCB provider that is specialized in prototypes, small series of high technology.</i>	www.phoenixpcb.it
	<i>Research Purity Specialty Gases and Mixtures, Cryogenic and Packaged Gases, Gas Delivery Systems and Equipment.</i>	www.rivoiragas.it
	<i>Development and production of NEG solutions and CapaciTorr[®] and NEXTorr[®] pumps families for UHV-XHV systems.</i>	www.saesgroup.com
	<i>Special cables manufacturer for main industrial application.</i>	www.sami.it
	<i>Engineering and manufacturing of special plants for high energy research.</i>	www.sea-alp.com
	<i>Safe energy preservation and renewable energy.</i>	www.sielups.com
	<i>Leader manufacturer of copper and optical cables, flame retardant, halogen-free, fire resistant for harsh environment.</i>	www.tecnikabel.it
	<i>Designing plastic products and designing, manufacturing and supplying moulds for plastics.</i>	www.unitekitalia.com
	<i>Leader manufacturer of critical mechanical equipment for Power, Oil&Gas, Petrochemical and Food & Pharma markets.</i>	www.waltertosto.it
