

ASY-EOS 2015 International Workshop on Nuclear Symmetry Energy and Reaction Mechanisms

Thursday, 5 March 2015

Session V (09:00 - 12:55)

-Conveners: F. Rizzo

| time | [id] title | presenter |
|-------|---|----------------|
| 09:00 | [52] Introduction to Supernovae for Heavy Ion Physicists | HOROWITZ, C. |
| 09:50 | [53] Heavy Ion Collisions and the Supernova Equation of State | HAGEL, K. |
| 10:30 | [54] Clusters in transport models | NAPOLITANI, P. |
| 11:10 | Coffee Break | |
| 11:40 | [55] Parity violating asymmetry, giant resonances, and the neutron skin thickness of a heavy nucleus | ROCA-MAZA, J. |
| 12:20 | [35] Study of the asymmetric equation of state with heavy - ions collisions at the INDRA - VAMOS experiment | FABLE, Q. |
