

# Helium Replacement in Italy - HeRe in Italy

## Tuesday 03 December 2013

**Sorgenti di neutroni - Aula B. Brunelli (11:20-13:10)**

**-Conveners: N. Colonna**

time	[id] title	presenter
11:20	[23] The italian neutron sources suite and a close look to the BTF@LNF	VALENTE, P.
11:35	[24] The ENEA research reactors and their irradiation capabilities	Dr PALOMBA, M.
11:50	[25] The Frascati Neutron Generator	PILLON, M.
12:05	[26] The ENEA-Radiation Protection Institute neutron calibration facilities	FERRARI, P.
12:20	[28] Neutron Facilities & Main Activities at LENA - Laboratory of Applied Nuclear Energy of Pavia University	PRATA, M.
12:35	[29] Neutron metrology at The ENEA-National Institute for metrology of ionizing radiation	Dr DE FELICE, P.
12:50	[27] Present and future of neutron beam line at LNL: BELINA and LENOS projects	MASTINU, P.
13:00	[37] NEPIR at SPES: a Versatile Neutron and Proton Irradiation Facility for Radiation Damage Studies and Industrial Applications	Dr SILVESTRIN, L.
