Session Program

11-13 Mar 2014

IFD2014 - INFN Workshop on Future Detectors for HL-LHC

Computing and off-line Software

Wednesday 12 March

16:20

Computing and off-line Software

Session | **Location:** Fondazione Bruno Kessler via Sommarive 18, Povo (Trento, Italy) | **Convener:** Donatella Lucchesi

16:20–16:45

Computing challenges of the LHC high luminosity runs - Impact on resource needs and on computing models

Speaker

Tommaso Boccali

16:45–17:10

The evolution of the computing infrastructure to cope with technology innovation and future experiments needs

Speaker

Dr Gianpaolo Carlino

17:30
