

# Vulcano Workshop 2014 - Frontier Objects in Astrophysics and Particle Physics

## Tuesday, 20 May 2014

**Future Prospects - Therasia Resort, Conference Room (09:00 - 09:25)**

-Conveners: Salvatore Capozziello

time [id] title

presenter

09:00	[2]	China's Programs of Astroparticle Physics in Space	ZHANG, Shuang-Nan
-------	-----	--	-------------------

# Saturday, 24 May 2014

## Future Prospects - Therasia Resort, Conference Room (09:00 - 10:40)

-Conveners: Piergiorgio Picozza

time	[id] title	presenter
09:00	[99] Future reactor neutrino experiments in China	CAO, Zhen
09:25	[75] Future in Astroparticle at INFN	FERRONI, Fernando
09:50	[78] Astroparticle in Europe	KATSANEVAS, Stavros
10:15	[1] The hot and energetic universe with Athena	MATT, Giorgio

## Future Prospects - Therasia Resort, Conference Room (11:00 - 13:15)

-Conveners: Fernando Ferroni

time	[id] title	presenter
11:00	[44] Future of space astronomy: the end of the dark ages?	UBERTINI, Pietro
11:25	[47] A Multi-purpose Cosmic Ray Experiment: The LHAASO Project	CAO, Zhen
11:50	[80] The JEM-EUSO mission	SANTANGELO, Andrea
12:15	[67] The quest for gravitational waves: a global strategy	COCCIA, Eugenio
