

GPU Computing in High Energy Physics

Friday, 12 September 2014

GPU in Other Applications (2/2) (14:15 - 15:45)

-Conveners: Claudio Bonati

time	[id] title	presenter
14:15	[35] Using GPUs to Solve the Classical N-Body Problem in Physics and Astrophysics	Dr SPERA, Mario
14:45	[30] Fast Cone-beam CT reconstruction using GPU	DI DOMENICO, Giovanni
15:15	[39] GPU-parallelized Levenberg-Marquardt model fitting towards real-time automated parametric diffusion NMR imaging	Dr PALOMBO, Marco
