### Laboratory sessions Mon (14:30 - 18:30)

| time [id] | title   | presenter   |
|-----------|---|---|
| 14:30 [8] | Assembling and test of detectors for KM3NET   | AIELLO, Sebastiano                                      |
| 14:30 [7] | Detectors for imaging and ion beam diagnostics  | COSENTINO, Luigi Giovanni                               |
| 14:30 [6] | Thermal neutron detectors   | Dr FINOCCHIARO, Paolo                                   |
| 14:30 [5] | Gamma ray sensors for radwaste monitoring   | Dr PAPPALARDO, Alfio<br>Domenico<br>LO PRESTI, Domenico |
|           | - [1] Scintillating fibers and Silicon Photomultipliers for the detection of gamma rays from radwaste drums | Dr PAPPALARDO, Alfio<br>Domenico                        |
|           | - [2] Scintillating fibers for proton beam imaging  | LO PRESTI, Domenico                                     |
| 14:30 [9] | Spectrometers and multidetectors: MAGNEX, CHIMERA   | CAVALLARO, Manuela<br>RUSSOTTO, Paolo                   |
|           | - [1] Spectrometers and multidetectors: MAGNEX  | CAVALLARO, Manuela                                      |
|           | - [2] Spectrometers and multidetectors: CHIMERA   | RUSSOTTO, Paolo   |
