

**Working Group on Radiative Corrections and Generators for Low Energy
Hadronic Cross Section and Luminosity**

Contribution ID: 24

Type: **not specified**

**Towards a Precision Measurement of the Muon Pair
Asymmetry in e^+e^- Annihilation at Belle and Belle 2**

Friday, 11 April 2014 11:50 (20 minutes)

Presenter: FERBER, Torben

Session Classification: Radiative Corrections and MC II
