# ***MEDIA WIKI***

## **About Media Wiki:**

- Media Wiki is free server-based software which is licensed under the GNU General Public License
- Pages use MediaWiki's *wikitext* format, so that users without knowledge of XHTML or CSS can edit them easily.
- When a user submits an edit to a page, MediaWiki writes it to the database, but without deleting the previous versions of the page.
- MediaWiki can manage images and multimedia files, too, which are stored in the filesystem.
