Session Program

Sep 15 – 18, 2014

Bologna Workshop on:

CFT AND INTEGRABLE MODELS

and their applications to Quantum Field Theory, Statistical Mechanics and Condensed Matter Physics

9th Bologna Workshop on CFT and Integrable Models

Thursday morning

Dept. of Physics and Astronomy, Aula Magna
A. Righi Building Via Irnerio 46, 40126 Bologna (Italy)

Thu, September 18

9:00 AM

Thursday morning

Session |
Location: Dept. of Physics and Astronomy, Aula Magna, A. Righi Building Via Irnerio 46, 40126 Bologna (Italy) |
Convener: Prof. Patrick Dorey

9:00 – 10:00 AM **Breaking the area law in deformed critical spin chains**

Speaker
Prof. German Sierra

10:00 – 10:30 AM
"Off-critical interfaces in two dimensions. Exact results from field theory"

Speaker
Alessio Squarcini

10:30 – 11:00 AM **Coffee break**

11:00 AM – 12:00 PM **Logarithmic Minimal Models: Logging Progress**

Speaker
Prof. Paul Pearce

12:00 PM
