

# Investigating Strangeness: from Accelerators to Compact Stellar Objects

## mercoledì 14 maggio 2014

### Part 1 - Aula Conversi (09:00 - 11:00)

-Coordinatori: Kristian Piscicchia

time	[id] title	presenter
09:00	[7] Welcome	Dr. CURCEANU, Catalina Oana
09:15	[12] Toward a networking activity on strangeness and charm physics	Dr. MARTON, Johann
09:30	[8] kaonic atoms and nuclear clusters	Prof. GAL, Avraham
10:00	[13] Possibility of light neutral hypernuclei with strangeness -1 and -2	RICHARD, Jean-Marc
10:30	[10] Strangeness in compact stars	BOMBACI, Ignazio
