

2nd Workshop on High pT Physics in Hot and Dense Matter

Friday, 25 July 2014

Session I - Aula Seminari (10:00 - 11:30)

-Conveners: Pasquale Di Nezza

time	[id] title	presenter
10:00	[1] A novel approach to jet quenching measurements at RHIC and LHC	JACOBS, Peter
10:45	[2] Measurement of jet production in central Pb-Pb collisions using semi-inclusive hadron-jet distributions	CUNQUEIRO MENDEZ, Leticia
