What happened in La Biodola

- Everything started then....

- Directory server (ldap), code repository (svn), wiki

- digital repository

- mailing lists

Now

- LDAP: about 40 people registered ✔

- wiki: actively used ✔

- svn: actively used ✔

- invenio: ready to try it ✎

- mailing lists: got little attention, but I think we can try …

To do list

- test invenio: mail will follow for volunteers

- give a look at some tools for the sw repository (trac)

- ....
