Cloud-Architecture 1/2

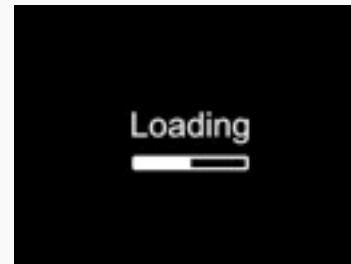

Cloud-Architecture 2/2

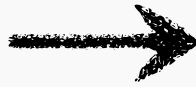

Problem

- No access to VM in single user mode
- Network configuration
- System unstable

Creating machine image

- template .tdl
- kickstart

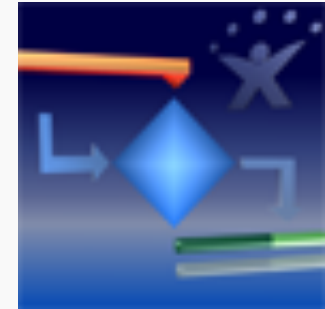

Image qcow2

Atlassian Integration

Gantt Chart Project for JIRA
(open-source license)

Import Project from Smartsheet as .xml

Future Developments

- New installation OpenStack
- Live migration (2 Hypervisor kvm)
- Testing Packer I/O
- Image VM qcow2 with !CHAOS embedded
