2:20 PM

Afternoon session

Session | **Location:** The Galileo Galilei Institute for Theoretical Physics (GGI), Arcetri, Florence

2:20 - 3:00 PM **Generalized Global Symmetries**

Speaker

Nathan Seiberg

3:00 - 3:40 PM **The Holographic Goldstino**

Speaker

Matteo Bertolini

3:40 - 4:10 PM **Rigid Holography and the 6D (2,0) CFT on $AdS_5 \times S^1$**

Speaker

Micha Berkooz

4:10 - 4:40 PM **Coffee break**

4:40 - 5:10 PM **Quark mass in backreacted holographic QCD**

Speaker

Matti Jarvinen

5:10 - 5:40 PM **Nuclear shadowing in the holographic framework**

Speaker

Pietro Colangelo

5:40 - 6:10 PM **Light-Front Holography and New Advances in Nonperturbative QCD**

Speaker

Stanley Brodsky

6:10 PM
