

Gauge/Gravity Duality 2015

Thursday, April 16, 2015

Morning session (9:00 AM - 12:50 PM)

time	[id] title	presenter
9:00 AM	[21] Quantum quenches & holography	MYERS, Robert
9:40 AM	[23] Holographic entanglement entropy in excited states from 2d CFT	BERNAMONTI, Alice
10:20 AM	Coffee break	
10:50 AM	[26] Holographic thermalization and AdS instability	CRAPS, Ben
11:20 AM	[27] Black brane steady states	YAROM, Amos
11:50 AM	[28] Chaos in the matrix model, and formation and evaporation of a black hole	HANADA, Masanori
12:20 PM	[29] Holographic topological entanglement entropy and ground state degeneracy	PARNACHEV, Andrei
