

**Working Group on Radiative Corrections and Generators for Low Energy
Hadronic Cross Section and Luminosity**

Contribution ID: 7

Type: **not specified**

**Primary Monte-Carlo generator of the process $e^+e^- \rightarrow$
 $a_0(980)\rho(770)$ for the CMD-3 experiment**

Tuesday, 18 November 2014 14:30 (30 minutes)

Presenter: Dr LUKIN, Peter

Session Classification: Hadronic cross section and MC generators II
