Session Program

Nov 18 – 19, 2014

Working Group on Radiative Corrections and Generators for Low Energy Hadronic Cross Section and Luminosity

Hadronic VP, g-2 and Delta alpha II

LNF

Tue, November 18

12:00 PM

Hadronic VP, g-2 and Delta alpha II

Session | **Location:** LNF

12:00 – 12:30 PM **Positronium contribution to the electron g-2**

Speaker
Massimo Passera

12:30 – 1:00 PM **Towards a data-driven analysis of hadronic light-by-light scattering**

Speaker
Martin HOFERICHTER

1:00 PM
