The 8th European Summer School on Experimental Nuclear Astrophysics
Santa Tecla, Catania, Italy
13-20 September 2015

2nd Announcement

We have the pleasure to announce the “8th European Summer School on Experimental Nuclear Astrophysics (Santa Tecla School)”, devoted to the education of young Ph.D. students and young researchers. The school belongs to the European Network of Nuclear Astrophysics Schools (ENNAS), a network made by the European schools on nuclear astrophysics and related areas (the Santa Tecla, the Sinaia, the Russbach schools), having the common effort of preparing and educating young physicists in nuclear physics, astrophysics and their mutual relationship in the nuclear astrophysics field.

The school will deal with both various astrophysical issues, ranging from primordial nucleosynthesis to stellar evolution, and nuclear topics, including novel experimental approaches, radioactive ion beams, indirect methods, and plasma physics (in stars and in the laboratory).

The lectures of the school will be given by high-quality level scientists, selected for their didactical skills. In the spirit of the school, large room will be given to young researcher oral contributions. Specific sessions will be allocated to allow them to present their latest scientific results.

• ENNAS
The European Network of Nuclear Astrophysics Schools (ENNAS) is a project that aims to correlate the topics of the three European schools, to correlate their activities to better serve the community of science and students, and to correlate the efforts to obtain funds for these schools, from national and international agencies (i.e. EPS, EC...).

• SCHOOL WEBPAGE AND CONTACT
Updated information about the school, the scientific program, the registration form, the fee payment will be given at the following:
-website: https://agenda.infn.it/conferenceDisplay.py?confId=8678
-email: astro2015@lns.infn.it

• VENUE
The school will be held in Santa Tecla, a small sea-shore village 15 Km North of Catania, at the Santa Tecla Palace Hotel (http://www.hotelsantatecla.it/), a four stars complex that will offer both double and single rooms, leisure activities, and full board.

• TIMING
The school will be held from Sunday, 13th September, to Sunday 20th September. The seven school days include one day for arrivals (13.09.15) and one day for departures (20.09.15). During the whole period of the school, morning and afternoon lecture sessions will be given.

• HISTORY
The school is internationally re-known as a cornerstone for young-scientist formation in the field of nuclear astrophysics as well as a “melting-pot” for the discussion of the up-to-date research activity. The previous editions of the school took place in 2001, 2003, 2005, 2007, 2009, 2011 and 2013. Traditionally, particular attention is devoted to the participation of young students of less-favoured countries, especially from the southern coast of the Mediterranean Sea.
• PRELIMINARY SCIENTIFIC PROGRAM
Primordial Nucleosynthesis
Stellar Evolution
Hydrostatic and Explosive Nucleosynthesis
Nucleosynthesis far from the Stability Valley
Plasmas in stars and the laboratory
Detectors and Facilities for Nuclear Astrophysics
Experiments with rare and radioactive isotopes
Indirect Methods for Nuclear Astrophysics
Neutrino Driven Nucleosynthesis

• LIST OF CONFIRMED SPEAKERS

• CONTRIBUTIONS BY YOUNG RESEARCHERS
A number of oral contributions from young researchers will be selected by the SOC. Please send your abstract to astro2015@lns.infn.it by July 20th 2015. The abstract template is available in the school website. Selected speakers will be granted the possibility to give a short talk in special sessions.

• SOCIAL ACTIVITIES
An excursion to one of the most beautiful Sicilian UNESCO world heritage sites will be planned by the school travel agency. Further information about booking and payment will be given in the next announcements.

• ACCOMODATION & PAYMENTS
The organizers encourage the participation of young researchers from Europe and from non-European countries. The number of participants will be strictly limited to 100. Applicants are welcome to fill the registration form in the school website.
A registration fee of 300 € is requested for covering school expenses, most of the social activities and shuttle service from/to airport, only on the first and last day of the school. The venue of the School is the Santa Tecla Palace Hotel, directly on the shore of the Ionian Sea. Rooms were booked at a special rate by the school secretary. Full board in a double room is 85 € per day (120 € for a single room) only if bookings are made through the school website. Fee for accompanying persons is 100 €. Both the registration fee and the accommodation costs have to be paid in advance via the school website http://www.shougun.it/CongressiScheda.aspx?IdCongresso=92&lingua=en
Info available at s.prestifilippo@shougun.it

• TRAVEL INFORMATIONS
Catania has an international airport with connections to Rome and other European airports. On the arrival and departure day, the organization will provide a shuttle service to/from Santa Tecla. Santa Tecla is located on the banks of the Mediterranean sea, in a cosy, comfortable and spectacular environment. The hotel has a large lecture hall and many smaller sites for discussions and informal meetings. At the time of the school the weather is ideal in Sicily (around 25° C).
The transfer from the Catania airport to Santa Tecla (and vice versa) will be arranged by the school organization only on the arrival day (September 13) and on the last day, September 20, in connection with the flights. We invite all registrants to give all the details of their arrival

Participants who require assistance for airport transportation in the other days of the schools are asked to contact the travel agency, in the registration website, to arrange a proper shuttle service (or by email s.prestifilippo@shougun.it). Taxi is another option ([http://www.cataniaintaxi.it](http://www.cataniaintaxi.it) in italian).

Citizens of the European Union do not need a visa to enter Italy. If you are from any other country, find out about visa requirements. In case you need an invitation letter from the School Organizing Committee we strongly recommend to ask for it not later than 1st July 2015.

• **SOCIAL ACTIVITIES**
Social activities will be organized during the school. It will also be possible to arrange a school trip. A travel agency desk will be present at the hotel to arrange the trip. Further information will be given in the final announcement of the school.

• **IMPORTANT DEADLINES**
Invitation letter for VISA application: 1st July 2015
Registration: 20th July 2015
Abstract submission: 20th July 2015
Hotel booking: 1st September 2015.

• **HOSTING INSTITUTIONS AND SPONSORS**
The school is supported by INFN-LNS and Università degli Studi di Catania, Dipartimento di Fisica e Astronomia. Sponsorship will be provided by AMETEK s.r.l. and CAEN s.p.a.

• **SCIENTIFIC COMMITTEE**
C. Spitaleri (Director, Catania), C. Rolfs (Bochum), M. Aliotta (Edinburgh), M. Busso (Perugia), A. Coc (Orsay), M. El Eid (Beirut), T. Kajino (Tokyo), K.L. Kratz (Mainz), S. Kubono (Tokyo), K. Langanke (Darmstadt), J. Josè (Barcelona), T. Motobayashi (Tokyo), A.M. Mukhamedzhanov (TAMU), E. Nappi (Bari), O. Straniero (Teramo), G. Rogachev (TAMU), L. Trache (Bucarest), R.E. Tribble (BNL & TAMU), Wei Liping (CIAE), M. Wiescher (South Bend).

• **LOCAL COMMITTEE**

• **SCIENTIFIC SECRETARY**
Livio Lamia, [astro2015@lns.infn.it](mailto:astro2015@lns.infn.it)

• **NEXT ANNOUNCEMENTS**
Final announcement will appear 2 weeks before the school beginning with details about lecturers, subject of lectures and final registration procedures.
