## Measurement of the total cross section of heavy water in the 0.1 meV - 1 eV energy range at 20 and 50 °C

*Wednesday, 13 May 2015 12:25 (20 minutes)*

**Primary author:** MARQUEZ DAMIAN, Jose Ignacio (Neutron Physics Department, Centro Atomico Bariloche)

**Co-authors:** Prof. BAXTER, David (LENS, Indiana University); EVANS, Dylan (LENS, Indiana University); GRANADA, Jose Rolando (Neutron Physics Department, Centro Atomico Bariloche); PARNELL, Steven (LENS, Indiana University)

**Presenter:** GRANADA, Jose Rolando (Neutron Physics Department, Centro Atomico Bariloche)

**Session Classification:** Nuclear Astrophysics and Nuclear Data
