

UCANS V

5th International Meeting of Union for Compact Accelerator - Driven Neutron Sources

Wednesday, 13 May 2015

Medical Applications - Aula "Villi" (15:25 - 16:25)

-Conveners: Yoshiaki Kiyonagi

time	[id] title	presenter
15:25	[33] Monte Carlo Simulation of Accelerator-Based Epithermal Neutron Beams for Neutron Capture Therapy	PORRAS, Ignacio
15:45	[43] BNCT neutron beam from accelerator	POSTUMA, Ian
16:05	[52] Development of a linac-based neutron source for BNCT with beryllium three-layer neutron target system	NAKAMOTO, Takashi
