

# UCANS V

## 5th International Meeting of Union for Compact Accelerator - Driven Neutron Sources

### Friday, 15 May 2015

#### High Power Target - Aula "Villi" (09:00 - 10:40)

-Conveners: Sordo Fernando

time	[id] title	presenter
09:00	[51] The SPES High Power ISOL production target	ANDRIGHETTO, Alberto
09:20	[30] ANEM: a rotating composite neutron production target for Single Event Effects Studies at the 70 MeV Cyclotron of LNL-INFN	SILVESTRIN, Luca
09:40	[54] The high power target for LENOS Project at Laboratori Nazionali di Legnaro of INFN-LNL	MASTINU, Pierfrancesco
10:00	[7] Target choice for SARAF thermal neutron source	SILVERMAN, Ido
10:20	[8] Experiment and Simulation of plasma window	ZHU, Kun
