

Cosmic Ray International Seminar 2015

Wednesday, September 16, 2015

Cosmic Ray: Theoretical Implication (3:00 PM - 4:30 PM)

-Conveners: Carla Blevé

time	[id] title	presenter
3:00 PM	[M] The energy interval above the ankle where the cosmic radiation consists only of ultraheavy nuclei from Zinc to the actinides	CODINO, antonio
3:30 PM	[M4] Surprises from extra galactic propagation of UHECRs	Dr DI MATTEO, Armando Dr GRILLO, Aurelio
4:00 PM	[M0] Ultra-high energy cosmic ray physics in the post-LHC era	ULRICH, Ralf
