Elegibility criteria

	Starting Grant	Consolidator Grant	Advanced Grant
Specific Eligibility Criteria	Principal Investigator shall have been awarded his/her first PhD ≥ 2 and ≤ 7 years prior to 1 January 2015	Principal Investigator shall have been awarded his/her first PhD > 7 and ≤ 12 years prior to 1 January 2015	none

The reference date towards the calculation of the eligibility period should be the date of the actual award according to the national rules in the country where the degree was awarded.

However, the effective elapsed time since the award of the first PhD taken into consideration for eligibility can be reduced in the following properly documented circumstances.

*For maternity, the effective elapsed time since the award of the first PhD will be considered reduced by 18 months for each child born **before or after** the PhD award. For paternity, the effective elapsed time since the award of the first PhD will be considered reduced by the documented amount of paternity leave actually taken for each child born **before or after** the PhD award.*

*For long-term illness¹¹, clinical training or national service the effective elapsed time since the award of the first PhD will be considered reduced by the documented amount of leave actually taken by the Principal Investigator for each incident which occurred **after** the PhD award.*

¹¹ Over ninety days for the Principal Investigator or a close family member (child, spouse, parent or sibling).

Restrictions to submission proposal

A Principal Investigator may submit proposals to different ERC frontier research grant calls made under the same Work Programme, but only the first eligible proposal will be evaluated.

*A Principal Investigator whose proposal was evaluated as **category C** in the Starting, Consolidator or Advanced Grant calls for proposals under Work Programme 2014 may not submit a proposal to the Starting, Consolidator or Advanced Grant calls for proposals made under Work Programmes 2015 and 2016.*

*A Principal Investigator whose proposal was finally evaluated as **category B** in the Starting, Consolidator or Advanced Grant calls for proposals under Work Programme 2014 may not submit a proposal to the Starting, Consolidator or Advanced Grant calls for proposals made under Work Programme 2015.*

A researcher may participate as Principal Investigator or Co-Investigator¹⁴ in only one ERC frontier research project at any one time¹⁵.

A researcher participating as Principal Investigator in an ERC frontier research project may not submit a proposal for another ERC frontier research grant, unless the existing project ends¹⁶ no more than two years after the call deadline.

A Principal Investigator who is a serving Panel Member for a 2015 ERC call or who served as a Panel Member for a 2013 ERC call may not apply to a 2015 ERC call for the same type of grant¹⁷.

¹⁴ Projects with Co-Investigators were supported under the Advanced Grant in ERC Work Programmes from 2008 – 2011. A Co-Investigator was a team-member of the Principal Investigator with particular research responsibilities.

Section c. Resources

E' bene suddividere questa sezione creando i seguenti paragrafi:

- **C1 The team:** dettagliare la composizione del team, anche individuando key persons o staff members; indicare eventuali coinvolgimenti di esperti esterni o altre istituzioni
- **C2 Budget table:** riempire la tabella dei costi – per progetti che prevedono un **Additional Participant** si dovranno preparare **due tabelle distinte per ciascuna istituzione più una tabella riepilogativa dei costi di entrambe**
- **C3 Budget details:** prevedere una sezione che dettagli voce per voce i costi relativi a ciascuna categoria di spesa

Section c. Tipologie di Costi

costi diretti eleggibili

costi indiretti eleggibili (forfettari)

costi subcontratti eleggibili (no overhead)

costi ineleggibili

Eligible Costs – Direct Costs

I costi diretti sono direttamente legati al progetto perché necessari alla realizzazione delle attività progettuali

I costi diretti sono rimborsati al 100%

Novità in H2020 anche l'iva diventa esigibile se non recuperabile

Eligible Costs – Indirect Costs

I costi indiretti (overheads) sono costi eleggibili che il beneficiario non può imputare direttamente al singolo progetto.

Si tratta di costi strutturali e di supporto alle attività del beneficiario (costi amministrativi, tecnici, logistici) «trasversali» alle attività generali del beneficiario.

Novità in H2020 i costi indiretti corrispondono ad un rimborso forfettario pari al 25% dei costi diretti eleggibili, esclusi i subcontratti

Eligible Costs – Subcontratti

- no core activities
- **New:** è possibile subcontrattare ad esterni anche un'attività di ricerca, purché non centrale nel progetto*
- contratto stipulato a condizione di mercato
- i risultati (IPR) generati rimangono alla Host Institution
- non concorrono al calcolo dei costi indiretti (overheads)

**È fondamentale che ai costi dei subcontratti corrisponda una dettagliata descrizione del task da esternalizzare; si rischia altrimenti una non accettazione (quasi automatica) del costo da parte della CE*

Ineligible Costs

I costi ineleggibili sono quelli che la Commissione non riconosce rimborsabili e rimangono totalmente a carico del beneficiario

Tra questi:

- IRAP
- Interessi passivi
- Accantonamenti per perdite o passività future
- Perdite sui crediti
- Costi relativi ad altri progetti co-finanziati dall'UE
- Rendimenti del capitale investito
- Debiti
- Spese ingiustificate o comunque non necessarie
