

# What next - Fisica Fondamentale

## Monday, 4 May 2015

**General Relativity tests and Searching signals from Quantum Gravity - AULA A edificio Garbasso (16:45 - 19:00)**

-Conveners: Giovanni Carugno

time	[id] title	presenter
16:45	[7] Quantum Gravity Phenomenology from High Energy Astrophysics to Cold Atoms	LIBERATI, Stefano
17:30	[6] Test of Quantum Gravity Effects with Mechanical Oscillator	MARIN, Francesco
18:00	[5] Precision spectroscopy of cold stable molecules for time variation of fundamental constants	MADDALONI, Pasquale
18:30	[9] Experimental Gravity with Cold Atoms	TINO, Guglielmo Maria
