

Anharmonic resonance in intense laser-matter interaction and tailoring of the fast electron spectrum

Monday, 25 May 2009 15:50 (20 minutes)

Primary authors: BAUER, Dieter (Max Planck Institute for Nuclear Physics); MULSER, Peter (TQE: Theoretical Quantum Electronics, Tech. Univ. Darmstadt)

Presenter: MULSER, Peter (TQE: Theoretical Quantum Electronics, Tech. Univ. Darmstadt)

Session Classification: Session 2 - Fundamental Processes at Ultra-High Intensity

Track Classification: contribution
