

High repetition electron beam produced with a 1mJ Ti:Sapph laser

Tuesday, 26 May 2009 16:50 (20 minutes)

Primary author: FONSECA CUENCA, Carmen (Grupo de Física Nuclear Salamanca University)

Co-authors: RUIZ, Camilo (CLPU and Optics Group Salamanca Univ.); Dr MENDEZ VALVERDE, Cruz (CLPU and Optics Group Salamanca University); Prof. FERNANDEZ GONZALES, Francisco (Grupo de Física Nuclear Salamanca University); Prof. ROSO, Luis (CLPU and Optics Group Salamanca University)

Presenter: FONSECA CUENCA, Carmen (Grupo de Física Nuclear Salamanca University)

Session Classification: Session 3 - Fundamental Processes at Ultra-High Intensity & Relativistic Optics in Plasmas

Track Classification: contribution
