

SM&FT 2015 - The XVI Workshop on Statistical Mechanics and nonperturbative Field Theory

Wednesday, December 9, 2015

Session 2 - Aula B (5:00 PM - 7:00 PM)

-Conveners: Michele Caselle

time	[id] title	presenter
5:00 PM	[32] The role of metals in the Alzheimer disease. Experiments and ab initio simulations	Prof. MORANTE, silvia
5:30 PM	[40] The INFN SUMA Project	TRIPICIONE, Raffaele
6:00 PM	[44] Early indicators of abrupt desertification transitions	Prof. PENNETTA, Cecilia
6:30 PM	[9] Spontaneous knotting of DNA and other biomolecules: dynamical and functional aspects.	Prof. MICHELETTI, Cristian
