

# TESLA Technology Collaboration Meeting

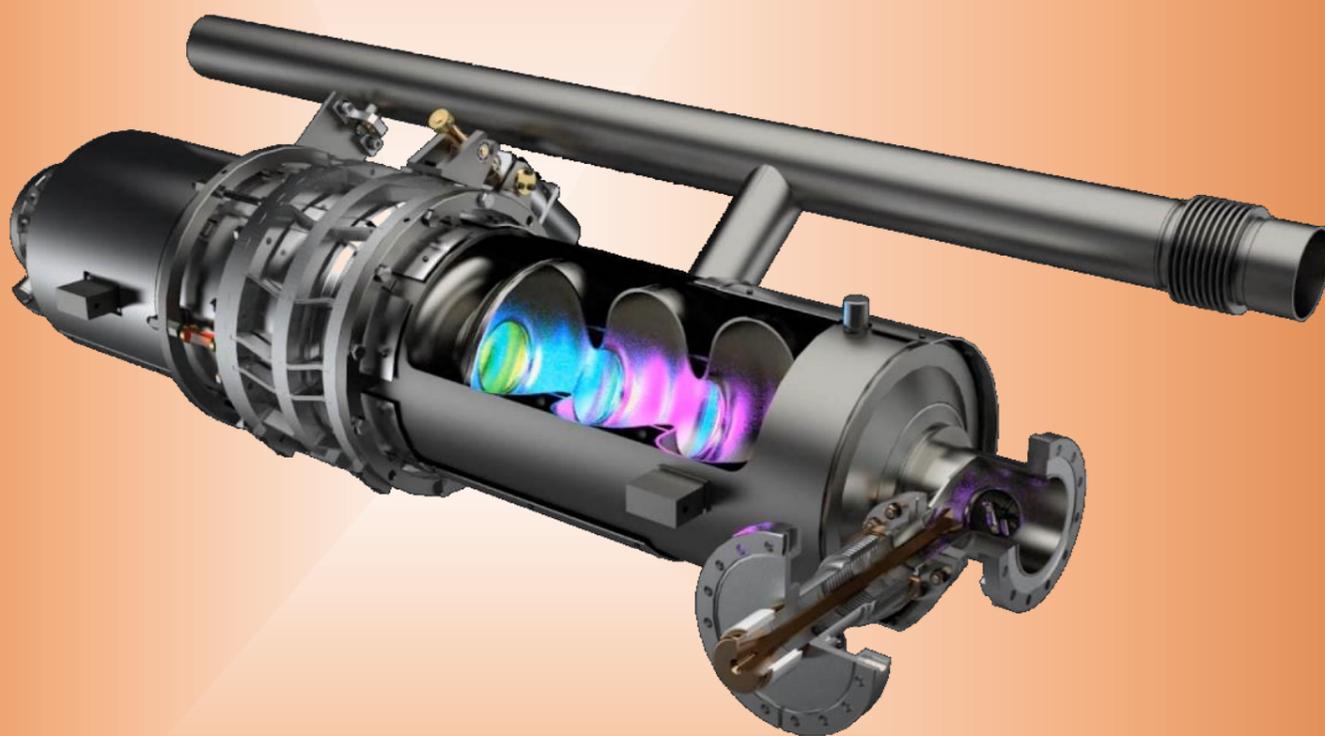

6–9 February 2018

Dipartimento di Fisica – Aula A, C, D

Via Celoria, 16 – 20133 Milano

The mission of the **TESLA Technology Collaboration (TTC)** is to advance SCRF technology R&D and related accelerator studies across the broad diversity of scientific applications, and to keep open and provide a bridge for communication and sharing of ideas, developments, and testing across associated projects. To this end the Collaboration supports and encourages free and open exchange of scientific and technical knowledge, expertise, engineering designs, and equipment.

You are welcome to the yearly TTC meeting hosted by **Università degli Studi di Milano** and **INFN Sezione di Milano**, and chaired by Carlo Pagani.

Open seminars on February 9<sup>th</sup>, students and faculty encouraged to participate:

- 9:00: *New energy production potentialities with SRF Accelerator Driven Systems*, Zhan Wenlong, Deputy Director of Chinese Academy of Science.
- 9:45: *New physics potentialities with SRF based XFELs*, Jochen Schneider, Research Director emeritus at DESY
