

Dear Colleagues,

following the success of the previous edition of the SPES one-day workshops, we are pleased to announce a new event to be held in

Milano on April 20-21, 2015.

This event will be devoted to discuss  $\beta$ -decay Physics at SPES- $\hat{A}$  and other opportunities to use non-re-accelerated beams.

The workshop is promoted by the SPES Study Group.

We send this early announcement for you to save the date and we will soon circulate a first circular with general information and indications on registration.

We take the occasion for sending our warm season's greetings.

With our best regards,

Giovanna Benzoni  
Gianluca Colo'
