

SPES ONE DAY WORKSHOP

Coulomb Excitation with RIBS

Second of the series of the miniworkshops to discuss the Lols for SPES
(the previous one was in Naples, dealing with transfer reactions)

WELCOME TO SESTO FIORENTINO and to FLORENCE!

On behalf of INFN Florence Director prof. Piero Mando'

Firenze, september 27/28 2012

SPES ONE DAY WORKSHOPS: WHY?

SPES internal Scientific Committee

A.Covello (Chair) - INFN and University of Napoli

G.C.- INFN Firenze

G.Colò - INFN and University of Milano

G. De Angelis - INFN LNL

A. Di Pietro - INFN LNS

A. Gargano - INFN Napoli

S.M. Lenzi - INFN and University of Padova

G.Pollarolo - INFN and University of Torino

S.Pirrone - INFN Catania

ACTIONS

- To promote Letters of intent for SPES experiments,
- to discuss about experimental arrays,
- to update discussions on physics

Main events

- I SPES International Workshop LNL 2010
- Five miniworkshops about Lol update (2012 and 2013)
- Contribution to SPES WEB page
- Subgroup for instrumentation strategy
- Interactions with SPES machine (beam production) staff

Firenze, september 27/28 2012

SPES ONE DAY WS WORKSHOP: AGENDA

Updating letters of
Intent towards SPES

Letter of INTENT

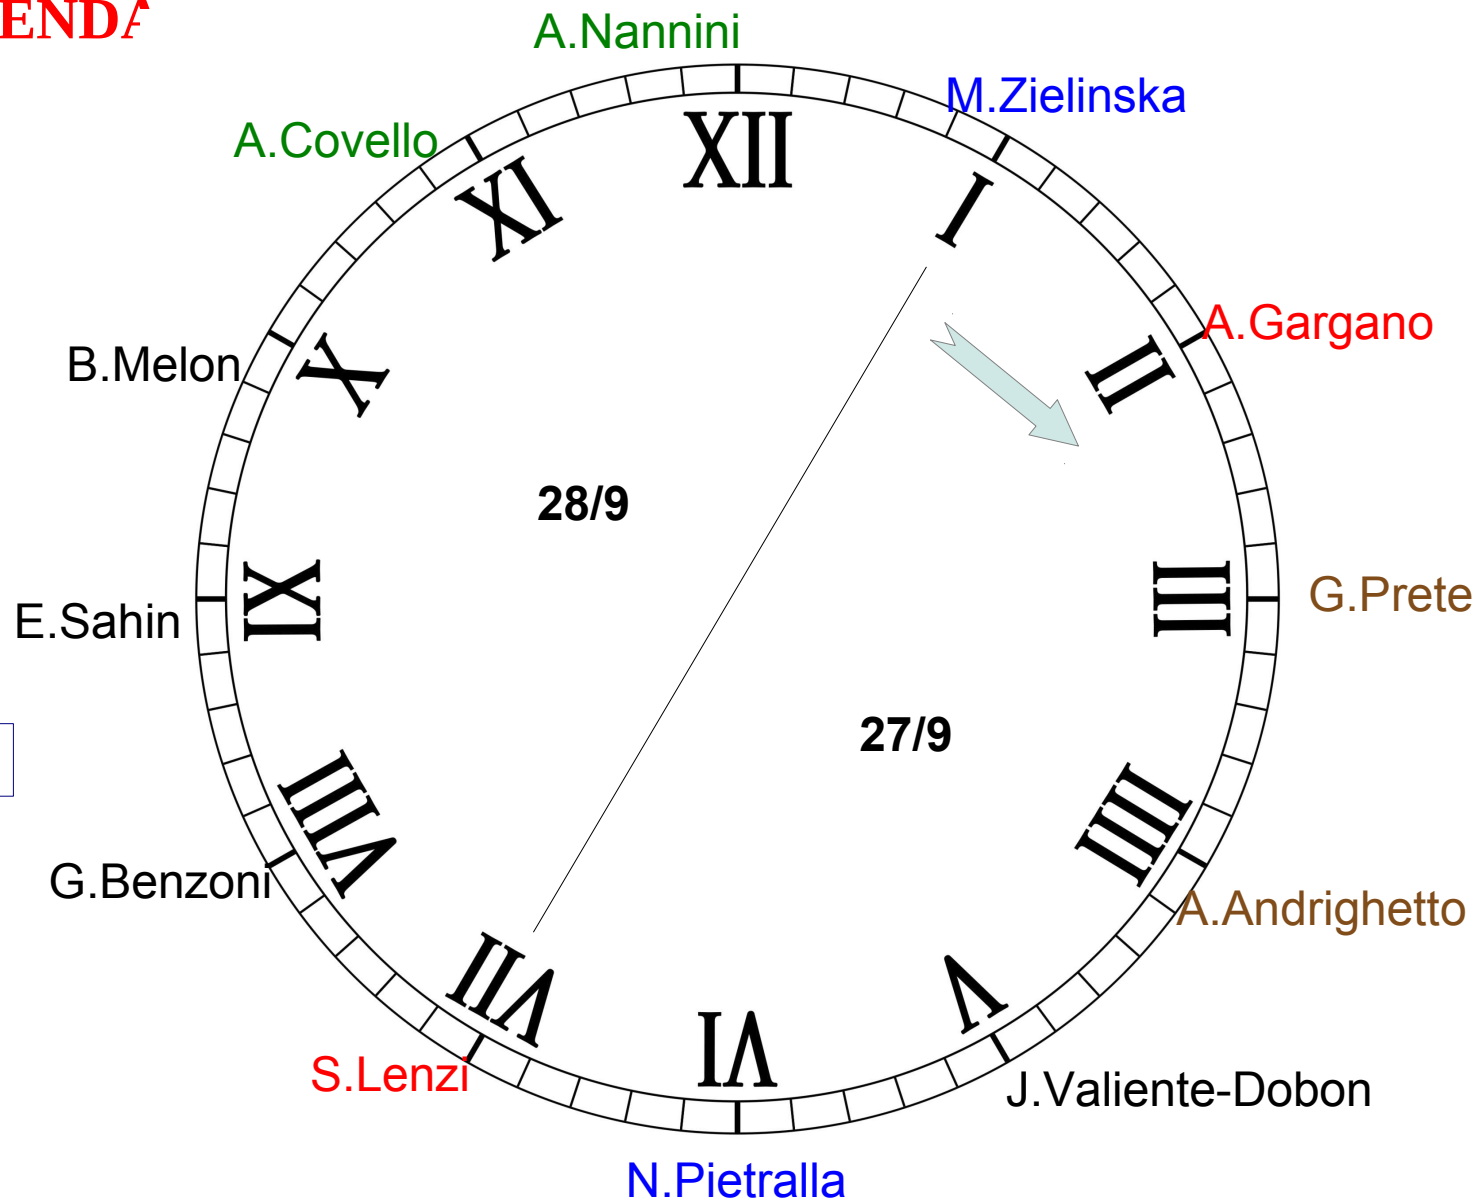

Foreign contributions!
